# MRAC's MURAL PROGRAM

**M**imbres Region Arts Council's Youth Mural Program pairs at-risk students of all ages with professional artists and art teachers. Students design and produce large scale outdoor murals while learning both painting techniques and how to form, glaze, fire and install clay tile mosaics in the process. Students learn team work: they help beautify their community: they explore the history and culture of the region: and they produce relevant public art that enhances the quality of life for everyone in the area.

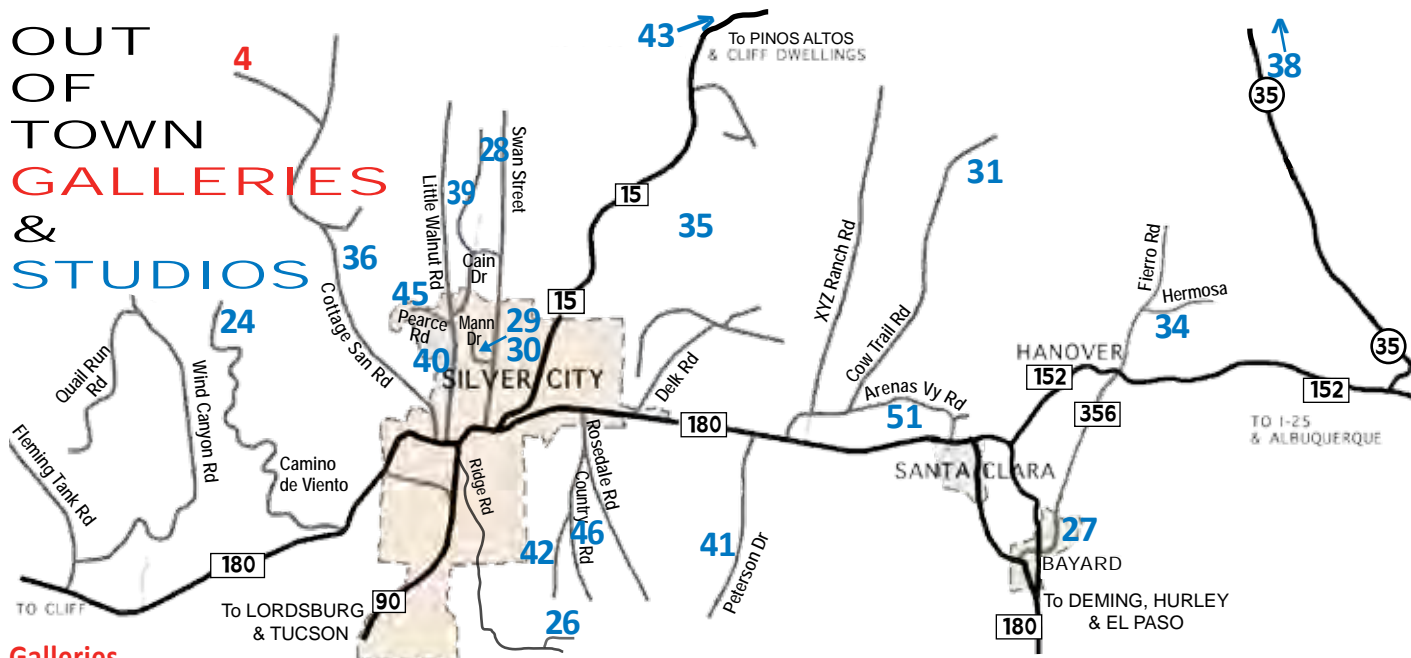

*MRAC is a member of the Silver City Art Association. See back cover for more information.*
